THE FACES OF MEMORY

ELODIE MEUNIER

Founder of The H Collections

Expertise forged in the luxury hotel industry.

Élodie Meunier, founder of The H Collections, spent more than 10 years in luxury hotels and 5-star establishments. She imagined an innovative model, inspired by the codes of the hotel industry, combining high standards, kindness and fairness in service to the properties, their owners and those who manage them.

"I have always believed that beauty is born from imperfection.
A detail that escapes notice, a trace of time, a singularity…
That is where the soul of a place resides.
Delicate simplicity then becomes a true luxury:
that of authenticity, unique for each person, never ostentatious.
A luxury that cannot be defined, but is felt, like a sincere, intimate, and unforgettable emotion.

What we are asking for:

For a pleasant stay for everyone, here are some tips on how to live with your pets in order to preserve our home.

- Dispose of waste properly and clean up outside.
- Pets are not allowed on the furniture. Throws are available for the sofas and armchairs.
- Please ensure that the animals do not disturb the neighbors.
- Keep a close eye on your pet to prevent accidents or property damage.
- Because sometimes they're mischievous! A liability waiver for any damage caused will be signed upon your arrival.

Good Manners

Good to Know

Heating and air conditioning

For a comfortable temperature suitable for the eco-responsible method, we recommend, in winter, opting for an average of 19° and in summer a temperature around 24°.
It is advisable not to switch air conditioning or heating systems on and off, but rather to lower the temperature or set them to room temperature.

Drinking water

You have a Pureva water purifier fitted to the kitchen tap. This gives you access to safe and clean drinking water throughout your stay.

Our eco-friendly household products

You have access to environmentally friendly household products from What Matters to help you with your daily cleaning.

Waste management

Garbage collection takes place on Thursday mornings for black bags (household waste) on odd-numbered weeks and for yellow bags (recyclable waste) on even-numbered weeks.
Remember to recycle and compost (our garden will be more than happy about it!)
